

Antigua Guatemala, April 27th, 2017

To whom it may concern:

We hereby wish to document that Asociación SERES, an organization focused on sustainable development through programs of empowerment and youth leadership, has established a fund called the "Green Fund" to which we pay the cost of our carbon emissions in order to be a carbon neutral organization.

During 2016, the cost to be carbon neutral was \$ 715.00, which was paid to the Green Fund by investing a total of \$ 1,500.00, in order to neutralize our carbon emissions from land and air transportation used to carry out our activities.

With nothing else to be noted.

Sincerely,

Sara Alicia Hurtarte Rodríguez  
Director of Programs and Operations
